## June construction steel volumes up 35.5% YoY

### June construction steel volume up 35.5% YoY; Dung Quat on track for 2 million tons

— June construction steel volumes were 252,000 tons or up 35.5% YoY. Year-to-date sales volumes were 1.51 million tons or up 12.4% YoY for the first half of the year and about 42% of the full-year target. The company continues to expand market share in the southern region, with June sales volumes in the south up sharply to 65,000 tons or 1.86 times higher than the same period last year. This shows early success in using the new Dung Quat facilities to increase supply to boost exports and expand market share in the south. It is very positive result in the context that the steel industry is facing many difficulties due to COVID 19.

### Sales volumes of steel billet were 831,000 tons since the start of the year until June

— In the first half of 2020, Hoa Phat has produced 2.6 million tons of steel billet, internal consumption reached 1.77 million tons and supplied to the market 831 thousand tons, of which more than 600 thousand tons were exported. HPG has successfully entered markets in China (more than 50%), Taiwan, Sri Lanka and other Southeast Asian countries. Recently, China's CIEC Hangzhou Group agreed to purchase 120,000 tons of billet in a contract valued at over VND1,000 billion. Contracts like this and the rapid growth in billet exports to China clearly show the ability of HPG to compete at par with Chinese steel makers.
