Company charter

The Company’s latest charter was approved by the General Meeting of Shareholders and has been effective from 23 April 2025.

Principal activities

The principal activities of the Company are to provide securities brokerage services, proprietary trading, securities investment advisory services, financial consultancy, underwriting securities, securities depository and other services in accordance with laws and regulations applicable for securities companies.

On 25 April 2019, the Company received the Certificate No. 32/GCN-UBCK indicating that the Company is eligible to provide clearing and settlement services for derivative transactions, including derivative brokerage, derivative proprietary trading and derivative investment advisory services.

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025****1 GENERAL INFORMATION (CONTINUED)*****Charter capital***

As at 30 Jun 2025, the Company's charter capital was at VND 3,031,993,490,000 pursuant to the amended Establishment and Operation Licence No. 51/GPĐC-UBCK which was issued on 28 Jun 2024 by the Vietnam State Securities Commission.

Investment objectives and investment restrictions

The Company aims to contribute to the development of the securities Market and deliver benefits to customers, investors and its shareholders. The Company's investment portfolio and its restrictions shall follow the investment objectives and investment strategy as stipulated in the Company's charter and applicable securities laws and regulations.

Other information

The normal business cycle of the Company is 12 months.

As at 30 Jun 2025, the Company had 425 employees (as at 31 December 2024: 401 employees).

The Quarterly financial statements are not affected by the seasonality, however depend on the fluctuations in the stock exchange market.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**2.1 Basis of preparation of Quarterly financial statements**

The Quarterly financial statements have been prepared in accordance with:

- Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System;
- Circular 210/2014/TT-BTC dated 30 December 2014 ("Circular 210/2014/TT-BTC") guiding accounting applicable to securities companies;
- Circular 334/2016/TT-BTC dated 27 December 2016 ("Circular 334/2016/TT-BTC") amending and supplementing and replacing Annex 02 and 04 of Circular 210/2014/TT-BTC guiding accounting applicable to securities companies;
- Official Letter 6190/BTC-CDKT dated 12 May 2017 ("Official Letter 6190/BTC-CDKT") guiding on derivative accounting for future contracts, stock indexes and future contracts for Government bonds;
- Circular 91/2020/TT-BTC dated 13 November 2020 ("Circular 91/2020/TT-BTC") on capital adequacy ratio and sanctions imposed on non-compliance cases;
- Circular 114/2021/TT-BTC dated 17 December 2021 ("Circular 114/2021/TT-BTC") on the removal of Circular 146/2014/TT-BTC dated 6 October 2014 of the Minister of Finance instructions on financial regulations for securities company, fund management company;
- Prevailing regulation on the preparation and presentation of financial statements applicable to securities companies operating in Vietnam.

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.1 Basis of preparation of Quarterly financial statements (continued)**

The accompanying Quarterly financial statements are not intended to present the financial position, results of operations, changes in equity and cash flows in accordance with accounting principles generally accepted in jurisdictions other than Vietnam. The accounting principles and practices utilised in Vietnam may differ from those generally accepted in countries and jurisdictions other than Vietnam.

The Quarterly financial statements have been prepared under the historical cost convention as modified by the revaluation of financial assets at fair value through profit or loss ("FVTPL") and available-for-sale ("AFS") financial assets measured and recorded based on market value or fair value (in case market value is not determinable).

The Quarterly financial statements have been prepared in accordance with the same accounting policies applied to the latest annual financial statements.

The Quarterly financial statements in Vietnamese language are the official statutory Quarterly financial statements of the Company. The Quarterly financial statements in English language have been translated from the Vietnamese language Quarterly financial statements.

2.2 Critical accounting estimates

The preparation of Quarterly financial statements in conformity with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and prevailing regulations on the preparation and presentation of Quarterly financial statements applicable to securities companies operating in Vietnam requires the Board of Management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the reporting date and the reported amounts of revenues and expenses during the financial period.

The areas involving significant estimates and assumptions in the Quarterly financial statements are as follows:

- Market value/fair value of financial assets (Notes 2.7 and 3.2); and
- Provisions for impairment loss of financial assets (Notes 2.7 and 3.4).

Such estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that the Board of Management believes to be reasonable under the circumstances.

2.3 Form of records applied

The Company uses the accounting software in form of general journals to record business transactions.

2.4 Fiscal year

The Company's fiscal year is from 1 January to 31 December.

These Quarterly financial statements are prepared for the three-month period from 1 Apr 2025 to 30 Jun 2025.

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.5 Currency**

The Quarterly financial statements are presented in the Vietnamese Dong ("VND"), which is also the Company's accounting currency.

Transactions arising in foreign currencies are translated at exchange rates ruling at the transaction dates. Foreign exchange differences arising from these transactions are recognised in the Quarterly income statement.

Monetary assets and liabilities denominated in foreign currencies at the Quarterly balance sheet date are respectively translated at the buying and selling exchange rates at the Quarterly balance sheet date of the commercial banks where the Company regularly trades. Foreign currencies deposited in banks at the balance sheet date are translated at the buying exchange rate of the commercial banks where the Company opens its foreign currency accounts. Foreign exchange differences arising from these translations are recognised in the Quarterly income statement.

2.6 Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank of the Company, cash of the Company being kept in the bank account of investors under the management of the securities company, which relates to transactions incurred in the end of the accounting period, mainly including advance for investors for stock trading, other short-term investments with maturity within three (3) months since purchase, which are highly liquid, readily convertible to cash and subject to an insignificant risk of conversion.

Cash of investors for securities trading activities and cash of issuers are accounted for off statement of Quarterly financial position items.

2.7 Financial assets**(a) Classification and measurement****(i) Financial assets at fair value through profit or loss (FVTPL)**

Financial assets at fair value through profit or loss are financial assets held for trading or designated by the Board of Management at initial recognition at fair value through profit or loss.

Financial asset is classified as held for trading if meeting one of the following conditions:

- It is purchased or created for resale/repurchase in a short term; or
- At initial recognition, it constitutes part of an identified portfolio of financial instruments which are managed and have evidence of being traded for short-term profits; or
- FVTPL financial asset is a derivative (except those defined as financial guarantees or effective hedges).

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Financial assets (continued)****(a) Classification and measurement (continued)****(i) Financial assets at fair value through profit or loss (FVTPL) (continued)**

At initial recognition, the Board of Management designates a financial asset at fair value through profit or loss if such designation promotes the fairness of its presentation due to one of the following reasons:

- Eliminating or significantly reducing a measurement or recognition inconsistency (also called as “accounting mismatch”) that would otherwise arise due to different bases; or
- It gives rise to a group of financial assets whose performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy and internally disseminated to the Company’s key management (as defined in the Vietnamese Accounting Standard on related parties disclosure) such as the Board of Directors, the Board of Management and major shareholders of the Company.

Financial assets at fair value through profit or loss are initially recorded at cost exclusive of transaction costs. Transaction costs related to purchases of FVTPL financial assets are expensed off immediately.

Financial assets at fair value through profit or loss are subsequently measured at market value or fair value (in case market value is indeterminable). Those equities that not traded on active market or those whose fair value is not reliably determined are accounted at cost.

All gains or losses from change in fair value of FVTPL financial assets are recognised in profit or loss of the Quarterly statement of comprehensive income.

(ii) Held-to-maturity financial assets (“HTM”)

HTM financial assets are non-derivative financial assets with the following characteristics:

- Payments are fixed or determinable;
- Maturity is fixed;
- The Company has positive intention and ability to hold to maturity.

The following assets are excluded from HTM financial assets:

- Non-derivatives classified as FVTPL financial assets at initial recognition;
- Non-derivatives classified as available-for-sale (“AFS”) financial assets; and
- Non-derivatives qualifying conditions to be classified as loans and receivables.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Financial assets (continued)****(a) Classification and measurement (continued)****(ii) Held-to-maturity financial assets ("HTM") (continued)**

An entity shall not classify any financial assets as held to maturity if the entity has, during the current financial year or during the two preceding financial years, sold or reclassified a significant amount of held-to-maturity investments before maturity (significant in relation to the total amount of held-to-maturity investments) other than sales or reclassifications which are:

- Very close to maturity date (e.g no more than 3 months before maturity) where changes in market interest rate do not materially affect the value of financial assets.
- Executed after the Company has collected the majority of principal of financial assets according to payment schedule or the Company received in advance; or
- Due to a special event beyond the control of the Company, the cause will not be repeated and the event can not be predicted by the Company.

HTM financial assets are initially recorded at cost inclusive of directly attributable purchase costs, subsequently measured at amortised cost using effective interest method ("EIR").

Effective interest method is a method used in calculating the amortised cost of an HTM financial asset or a group of HTM financial assets and in the allocation and recognition of the interest revenue or interest expense in profit or loss over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the financial instrument's expected life, or a shorter period where appropriate, to the net present value of a financial asset or a financial liability.

Amortised cost of HTM financial assets is determined at historical cost less principal received, plus (or less) accumulated amortisation using effective interest rate method between historical cost and maturity value, less impairment loss (if any).

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Financial assets (continued)****(a) Classification and measurement (continued)****(ii) Held-to-maturity financial assets ("HTM") (continued)**

As at reporting date, HTM investments are provided for impairment loss when there is any objective evidence of impairment or uncollectibility as a result of one or more events that occurred subsequent to the initial recognition and affected estimated future cash flows of HTM investments. Objective evidence of impairment may include:

- Significant financial difficulty of the issuer or the obligor;
- A breach of contract, such as default or delinquency in interest or principal payments;
- The lender, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider;
- It becoming probable that the borrower will enter bankruptcy or other financial reorganisation;
- Observable data indicating that there is a measurable decrease in the estimated future cash flows from a group of HTM financial assets since the initial recognition of those assets, although the decrease cannot yet be identified with the individual financial assets in the group, including:
 - Adverse changes in the payment status of borrowers in the group; or
 - National or local economic conditions that correlate with defaults on the HTM assets in the group.

Provision for impairment of HTM financial assets is determined at the difference of the estimated recoverable amount and the carrying value of HTM financial assets at the reporting date. Provision/(reversal of provision) for such impairment is debited/(credited) to expenses in profit or loss of the Quarterly statement of comprehensive income.

HTM financial assets are classified as current and non-current assets in the Quarterly statement of financial position based on their remaining maturity as at the reporting date.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Financial assets (continued)****(a) Classification and measurement (continued)****(iii) Loans**

Loans are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

In the reporting period, the Company had the following types of loans:

- **Margin loans:** the amounts lent to customers for their purchases of listed securities in accordance with Decision 87/QD-UBCK dated 25 January 2017 issued by the State Securities Commission. According to this Decision, the initial Margin ratio (net actual assets compared to market value of security to be purchased on margin as at trading date) is set by the Company but shall be not lower than 50%. The margin loans are collateralised by securities eligible for margin lending.
- **Trading advances:** the amounts advanced to security sellers at the trading date and/or the day right after. These amounts are repaid within two (2) trading days.

Loans are initially recorded at cost and subsequently measured at amortised cost using the effective interest rate method ("EIR").

Amortised cost is determined at historical cost less principal received, plus (or less) accumulated amortisation using effective interest rate method between historical cost and maturity value, less impairment loss (if any).

As at reporting date, loans are provided for impairment loss when there is any evidence of impairment. Provision for impairment is determined at the difference of market value of collateral and the carrying value of loans at the reporting date. Provision/(reversal of provision) for such impairment is debited/(credited) to expenses in profit or loss of the Quarterly statement of comprehensive income.

(iv) Available-for-sale financial assets ("AFS")

Available-for-sale financial assets are non-derivative financial assets that are not classified as FVTPL, HTM, loans nor receivables.

Available-for-sale financial assets are initially recorded at cost inclusive of directly attributable purchase cost.

At the reporting date, AFS financial assets are measured at fair value. Those equities not traded on active Market or those whose fair value is not reliably determined are accounted at cost.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Financial assets (continued)****(a) Classification and measurement (continued)****(iv) Available-for-sale financial assets ("AFS") (continued)**

All gains or losses from revaluation of AFS financial assets are accounted for directly in equity (other comprehensive income) through the Quarterly statement of changes in equity, exclusive of impairment losses. Such recognition is applied until the asset is de-recognised.

At derecognition, accumulated gains or losses in equity are recognised in profit or loss of the Quarterly statement of comprehensive income as a reclassification. Gains using effective interest method is recognised in profit or loss of the Quarterly statement of comprehensive income in accordance with Accounting Standard on Revenue recognition.

As at reporting date, AFS financial assets are provided for impairment loss when there is any objective evidence of impairment.

Objective evidence of impairment for debt instruments may include those identified as for HTM financial instruments.

Objective evidence of impairment for equity instruments may include:

- Significant changes which adversely affect the issuer's operations as a result of their impacts on the technological, Market, economic or legal environment, and indicates that the cost of the equity instrument may not be recovered;
- A significant or prolonged decline in the fair value of an investment in an equity instrument below its cost;

Provision for impairment is determined at the difference of the estimated recoverable amount and the carrying value of AFS financial assets at the reporting date.

Impairment loss of AFS financial asset is recorded directly to previously recognised revaluation gain in equity (if any), when there is objective evidence that the AFS financial asset is impaired, accumulated revaluation loss in equity is reclassified to profit or loss of the Quarterly statement of comprehensive income despite that asset is yet derecognised.

(b) Reclassification**(i) Reclassification of non-FVTPL financial assets upon disposal**

Non-FVTPL financial assets are reclassified to FVTPL financial assets before disposal. Accumulated revaluation of AFS financial assets in equity will be recorded on the Quarterly statement of comprehensive income as at reclassification date.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Financial assets (continued)****(a) Classification and measurement (continued)****(ii) Reclassification due to change in intention/ability to hold the financial assets**

Reclassification of financial assets due to change in intention/ability to hold the assets is permitted, provided that:

- Non-derivative FVTPL financial assets that are not required to be classified as FVTPL at initial recognition may be reclassified as loans and receivables in limited circumstances or cash and cash equivalents if they satisfy conditions for reclassification. Gains and losses from revaluation of FVTPL financial assets arising before the reclassification are not reversed.
- If the change in intention/ability to hold a financial asset results in it being inappropriately reclassified as an HTM asset, that asset must be reclassified as AFS and re-measured at fair value. Difference between its carrying value and fair value is recognised in profit or loss of the Quarterly statement of comprehensive income as a reclassification.

(c) Recognition/derecognition

Purchases and sales of financial assets are recognised on trade date – the date on which the Company becomes a party to the contractual provisions of the instruments.

Financial assets are de-recognised when the right to receive cash flows from the financial assets has expired or the Company has transferred substantially all risks and rewards of ownership of those financial assets.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, but has neither transferred substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised as the Company's asset. In that case, the Company also recognises a related liability. The transferred asset and the related liability are measured on a basis that reflects the rights and obligations that the Company has retained.

(d) Initial recognition

FVTPL financial assets are initially recognised at purchase cost exclusive of transaction costs. Other financial assets are initially recorded at historical cost including directly attributable purchase costs.

Stock bonus and stock dividends are recognised as financial assets at nil cost.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Financial assets (continued)****(e) *Determination of market value/fair value***

The Company applies valuation bases of financial assets in accordance with Circular 91/2020/TT-BTC dated 13 November 2020 regarding capital adequacy ratio of securities trading entities ("Circular 91/2020/TT-BTC") in determining the market value/fair value of financial assets, in particular:

- (i) *Shares listed on stock exchanges, shares of the public companies registered for trading on the Unlisted Public Company Market ("UPCoM")*

These shares are revalued at the closing price of the latest trading date prior to the valuation date.

- (ii) *Unlisted securities registered/not registered for trading to Vietnam Securities Depository ("VSD")*

These shares are revalued based on the average of transacted prices announced by three (3) independent quoting entities at the latest trading date within one (1) month prior to the valuation date. The management and executives of the Company must not be related to management and executives of the quoting entities in accordance with Law on Securities.

- (iii) *Bonds listed on stock exchanges*

These bonds are revalued basing on the quoted price (also called "clean price") on stock exchanges at the latest trading date prior to the valuation date plus accumulated accrued interests. Those bonds not traded for more than two (2) weeks prior to valuation date are carried at their purchase prices plus accumulated accrued interests.

- (iv) *Unlisted bonds*

Unlisted bonds are measured at their purchase prices plus accumulated accrued interests.

- (v) *Certificates of open-ended funds, close-ended funds, and exchanged traded funds ("ETF")*

Certificates of open-ended funds, close-ended funds, and exchanged traded funds ("ETF") are revalued at the fund's net asset value audited by an external auditor at the reporting date.

- (vi) *Delisted shares/ shares suspended from trading from the sixth day or thereafter*

Delisted shares/shares suspended from trading from the sixth day or thereafter are revalued based on its book value at the latest reporting date.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Financial assets (continued)****(e) Determination of market value/fair value (continued)***(vii) Certificate of deposits*

Certificate of deposits are determined by principals amount and accrued interest income to the date of Quarterly financial statements.

Unless otherwise stated above, securities are measured at fair value based on review of financial position and book value of the issuers at revaluation date.

(f) Recognition of gains/(losses)*Purchase transaction costs*

Transaction costs related to purchase of FVTPL financial assets are expensed off, while transaction costs related to purchase of other financial assets are included in the purchase cost of these assets.

Selling transaction costs

Selling transaction costs are expensed off to the statement of comprehensive income.

Gain/(loss) on disposals

Gain/(loss) on disposals of financial assets are accounted for as income/(expenses) in profit or loss of the Quarterly statement of comprehensive income. Costs of disposed financial assets are determined using the weighted average method up to the time of disposal/the end of trading dates.

Provision/(reversal of provision) for impairment of financial assets

Provision/(reversal of provision) for impairment of financial assets is debited/(credited) to expenses in profit or loss of the statement of comprehensive income.

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.8 Receivables

Receivables comprise receivables from disposals of financial assets, dividend and interest receivable, service-related receivables, receivables from trading errors and other receivables. Receivables are recorded on an accrual basis and presented at cost less provision for impairment or uncollectibility (if any).

Receivables are classified as current and non-current assets in the Quarterly statement of financial position based on their remaining maturity as at the reporting date.

Provision for doubtful debts is made for each outstanding amount based on number of days past due according to initial payment commitment (ignoring any mutually agreed extension), or based on the estimated loss that may arise. Bad debts are written off when identified.

Provision/(reversal of provision) for impairment is debited/(credited) to expenses in profit or loss of the Quarterly statement of comprehensive income.

2.9 Fixed assets

Tangible and intangible fixed assets

Fixed assets are stated at historical cost less accumulated depreciation or amortisation. Historical cost includes all costs necessary to bring the assets to working condition for their intended use. Subsequent expenditures can be capitalised only if they result in probable future economic benefits from using the assets. Unqualified expenditures are immediately expensed off.

Depreciation and amortisation

Fixed assets are depreciated/amortised using the straight-line method to write off the historical cost of the fixed assets over their estimated useful lives. The principal annual rates of each asset class are as below:

Office equipments	20% - 33%
Software	10% - 33%

Disposals

Gains or losses on disposals are determined by comparing net disposal proceeds with the carrying amount of the fixed assets and are recognised as income or expense in the Quarterly statement of comprehensive income.

2.10 Leased assets

Leases where a significant portion of the risks and rewards incidental to the asset ownership are retained by the lessor are classified as operating leases. Operating lease payments are charged to the Quarterly statement of comprehensive income on a straight-line basis over the lease term.

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.11 Prepaid expenses**

Prepaid expenses include prepayments for goods and services, tools and equipment not qualified to be accounted as fixed assets under current regulations. Prepaid expenses include short-term and long-term prepaid expenses on the Quarterly statement of financial position, mainly includes the cost of office rental and office tools and supplies. Prepaid expenses are recorded at historical cost and allocated using the straight-line method over estimated useful lives.

2.12 Short-term/long-term collaterals, security deposits

Short-term/long-term collateral, deposits are recognised when the Company completes its payments in accordance with the contractual terms and classified as other current/non-current assets.

2.13 Liabilities**(a) Recognition/derecognition**

Liabilities are recognised when the Company has an obligation as a result of receipts of assets, commits or becomes a party to the contractual provisions. Liabilities are de-recognised when such obligations are fully discharged. Liabilities are recognised on an accrual basis and on prudence concept.

(b) Classification

Classifications of liabilities are based on their nature as follows:

- Borrowings;
- Trading obligations;
- Trade payables arising from purchases of financial assets, goods or services; and
- Other payables including non-trade payables and those not arising from purchases of financial assets, goods and services.

Liabilities are classified as short-term and long-term liabilities in the Quarterly statement of financial position based on their remaining period from the reporting date to their maturity dates.

2.14 Offsetting financial instruments

Financial liabilities are contractual obligations to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company, or contracts that may be settled in the Company's own equity instruments.

Financial assets and liabilities are offset, and the net amount is presented in the Quarterly statement of financial position when there is a legally enforceable right to offset the recognised amounts and the Company has an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously.

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.15 Borrowings**

Borrowings include borrowings from banks, financial institutions, finance companies and other entities. Borrowings are stated at cost as at reporting date.

Borrowings are classified as current and non-current liabilities in the Quarterly statement of financial position based on their remaining year from the reporting date to their maturity dates.

2.16 Income tax paid on behalf of investors

According to the prevailing taxation regulations applicable to foreign investors in Vietnam, the Company is required to withhold contractor tax of 0.1% on the trading proceeds of institutional investors and pay on their behalf. For individual investors (both residents and non-residents), the Company is required to withhold personal income tax of 0.1% on their trading proceeds to pay personal income tax on behalf of investors. The Company will declare and make tax payment on behalf of these investors. For local institutional investors, the Company is not responsible for withholding tax as these entities are responsible for their own tax payments and declarations.

2.17 Accrued expenses

Accrued expenses include liabilities for goods and services received in the reporting period but not yet paid due to pending invoice or insufficient records and documents. Accrued expenses are recorded as expenses in the reporting period.

2.18 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the expenditures expected to be required to settle the obligations. If the time value of money is material, provisions will be measured at their present value using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation.

The increases in the provision due to passage of time are recognised as financial expenses. Changes in the provision balances during the year are debited or credited to operating expenses.

2.19 Unearned revenue

Unearned revenue is the interest income from term deposit that has been received in advance. The Company records unearned revenue for the future obligations that the Company must conduct fulfill. Once recognition criteria have been satisfied, unearned revenue will be recognised as revenue in the Quarterly statement of comprehensive income to the extent that it has met the recognition criteria.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.20 Equity****(a) Share capital**

Owners' capital is recorded according to the actual amounts contributed and is recorded according to the par value of the shares.

(b) Financial and operational risk reserve and supplementary capital reserve

From 1 February 2022, Circular 114/2021/TT-BTC issued by the Ministry of Finance on 17 December 2021 is effective, accordingly:

- The financial regimes applicable to securities companies stipulated in Circular 146/2014/TT-BTC issued by the Ministry of Finance on 6 October 2014 are revoked in full.
- The balance of Supplementary capital reserve made in accordance with Circular 146/2014/TT-BTC shall be added to the Company's charter capital in line with the 2019 Law on Securities, the related guidelines and the Company's charter.
- The balance of Financial risk and operation reserve made in accordance with Circular 146/2014/TT-BTC shall be added to the Company's charter capital or utilised in line with resolution of Annual General Meeting of shareholders, the 2019 Law on Securities, related guidelines, the Company's charter, and ensuring financial safety ratio pursuant to the securities regulations.

As at 30 Jun 2025, the Company has distributed supplementary capital, financial risk and operation reserve as guided in Circular 146/2014/TT-BTC dated 17 December 2021 issued by the Ministry of Finance.

Before 1 February 2022:

- According to Circular 146/2014/TT-BTC, the securities companies and fund management companies are required to make annual appropriation to the financial and operational risk reserve and supplementary capital reserve at 5% of the post-tax profit for each reserve in each of its profitable years until the accumulated balance of each reserve reaches 10% of the charter capital.
- Financial and operational risk reserve is made to compensate the residual losses and damages arising in operation beyond the indemnification received from the parties causing damages and insurance companies and the utilisation of indemnity funds and the relevant provisions made.
- Supplementary capital reserve serves as a financial resource to increase charter capital.

(c) Other equity funds

Other equity funds are made in accordance with Resolutions of the General Meeting of Shareholders.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.20 Equity (continued)****(d) *Undistributed earnings***

Undistributed earnings represent cumulative undistributed post-tax profits at the reporting date including cumulative realised profits and cumulative unrealised profits.

Unrealised profit/(loss) of the period is the total difference between gain and loss arising from revaluation of FVTPL financial assets or other financial assets charged into the Quarterly statement of comprehensive income and deferred income tax arising from such revaluation.

Realised profit during the period is the difference between total revenue, income and total expenses in the Quarterly statement of comprehensive income, except for gain or loss arising from revaluation of financial assets recognised in unrealised profit/(loss).

2.21 Dividend distribution

The Company's dividend declaration is recognised as a liability in the Quarterly financial statements when the dividend is approved by in the General Meeting of Shareholders.

Dividend base for distribution is post-tax realised profits after deducting amounts appropriated to financial and operational risk reserve and supplementary capital reserve.

2.22 Assets of and liabilities to customers

Assets of and liabilities to customers are presented as off statement of financial position items including:

- Customers' deposits for securities trading, cash of securities issuers and related liabilities; and
- Financial assets of customers.

NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.23 Revenue and income recognition****(a) *Revenue from provision of services to investors***

Revenue from provision of services to investors comprises securities brokerage fees, securities underwriting fees, financial consultancy fees, securities custody service and entrustment service fees.

Revenue from the provision of services is recognised in the statement of comprehensive income when the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided. Revenue from the provision of services is only recognised when all four following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company;
- The percentage of completion of the transaction at the reporting date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When the outcome of a service delivery transaction cannot be ascertained, revenue is recognised in proportion to the recognised and recoverable cost.

Revenue deductions include price discounts. Revenue deductions incurred in the same period of the related revenue are recorded as a deduction from the revenue of that period.

Revenue deductions incurred after the reporting date but before the issuance of the Quarterly financial statements are recorded as a deduction from the revenue of the reporting period.

(b) *Income from proprietary trading of financial assets*

Income from proprietary trading of financial assets comprises gain/(loss) from sales or disposal of financial assets, gain/(loss) from revaluation of financial assets and dividend income.

Gain/(loss) from sales or disposals of financial assets is measured as difference between selling price before selling costs, and costs of securities disposed. Costs of securities disposed are determined using the weighted average method.

Dividend income is recognised in the statement of comprehensive income when the Company's right to receive dividend is established, except for scrip dividends whose quantity is added to the Company's securities portfolio and is not recognised as income.

(c) *Income from working capital management*

Income from working capital management comprises interest income from deposits at bank, income from margin loans and trading advances. This income is recognised on an accrual basis unless collectability is in doubt.

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.23 Revenue and income recognition (continued)****(d) Other income**

Other income includes non-recurring income generated from activities other than those generating the revenue and income described above.

2.24 Expenses**(a) Recognition**

Expenses are recognised on an accrual basis, matching with revenue and on prudence concept.

(b) Classification

Expenses are classified by function as follows:

- Operating expenses;
- Financial expenses;
- General and administration expenses; and
- Other expenses.

2.25 Financial income

Financial income reflects income from investment activities arising during the year mainly including interest income from bank deposits and foreign exchange gains.

2.26 Financial expense

Financial expenses are expenses incurred in the year for financial activities mainly including interest expenses and foreign exchange losses.

2.27 Borrowing cost

Borrowing costs that are directly attributable to the construction or production of any qualifying assets are capitalised during the period that is required to complete and prepare the asset for its intended use.

In respect of general-purpose borrowings, a portion of which used for the purpose of construction or production of any qualifying assets, the Company determines the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the weighted average expenditure on that assets. The capitalisation rate is the weighted average of the interest rates applicable to the Company's borrowings that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. Other borrowing costs are charged to expenses in the Quarterly statement of comprehensive income when incurred.

2.28 General and administration expenses

General and administration expenses represent expenses that are incurred for administrative purposes.

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.29 Current and deferred income tax**

Income tax includes all income tax which is based on taxable profits. Income tax expense comprises current tax expense and deferred tax expense.

Current income tax is the amount of income tax payable or recoverable in respect of the current period taxable profits at the current year tax rates. Current and deferred income tax are recognised as an income or an expense and included in the profit or loss of the year, except to the extent that the income tax arises from a transaction or event which is recognised, in the same or a different year, directly in equity.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of occurrence affects neither the accounting nor the taxable profit or loss. Deferred income tax is determined at the tax rates that are expected to apply to the financial year when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted by the date of the statement of financial position.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2.30 The global minimum tax

On 29 November 2023, the National Assembly of Vietnam passed Resolution No. 107/2023/QH15 ("Resolution 107") on the application of Qualified Domestic Minimum Top-up Tax ("QDMTT") rule and Income Inclusion Rule ("IIR"). These rules align with the Pillar Two of the Global Anti-Base Erosion Model Rules ("BESP 2.0") of the OECD and will be effective from 1 January 2024 (hereinafter referred to as the "Global Minimum Tax Regulations"). The Resolution mandates that large multinational corporations are required to pay a minimum global corporate income tax rate of 15% on profits earned in the jurisdictions where they operate. This new tax rule requires the calculation of the effective tax rate on a jurisdictional basis and the execution of top-up tax payments when the effective tax rate falls below the minimum threshold of 15%. The Company is within the scope of Resolution 107 and this change will impact the calculation and accounting for corporate income tax obligation, including the current corporate income tax, deferred tax assets, and deferred tax liabilities.

There is no impact of Global Minimum Tax Regulations on additional corporate income tax obligations of the Company for the financial year ended 31 December 2024, as the Company uses the applicable tax rate of 20% (Note 4.11).

2.31 Related parties

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with, the Company, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Company. Associates and individuals owning, directly or indirectly, an interest in the voting power of

**NOTES TO QUARTERLY THE FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**

the Company that gives them significant influence over the enterprise, key management personnel, including the Board of Directors and the Board of Management of the Company and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering the related party relationship, the Company considers the substance of the relationship not merely the legal form.

2.32 Nil items

Items required by Circular 334/2016/TT-BTC, Official Letter 6190/BTC-CDKT and Circular 23/2018/TT-BTC that are not presented in these Quarterly financial statements indicate nil items.

7 FINANCIAL RISK MANAGEMENT

The Company's activities expose it to market risk, credit risk and liquidity risk. The Company's overall risk management strategy seeks to minimise the adverse effect of these risks on the Company's performance.

The Board of Management of the Company is responsible for setting the objectives and underlying principles of financial risk management for the Company. The Board of Management establishes the detailed policies such as risk identification and measurement, investment strategy and limits. Risk management policies and systems are reviewed regularly to tackle the changes and align to market trends.

Financial risk management is carried out by finance personnel. The finance personnel measure actual exposures against the limits set and prepare periodical reports for the review of the Board of Management.

The information presented below is based on information received from the Board of Management.

NOTES TO THE QUARTERLY FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025

7 FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Credit risk

Credit risk is the risk that counterparty to a financial instrument fails to discharge an obligation or commitment that it has entered into with the Company, resulting in a financial loss to the Company. It arises principally from cash at banks, financial assets, receivables and other assets.

The maximum exposure to credit risk equals to the total of carrying amounts of balances exposed to credit risk before provision, collateral held or other credit enhancements, in particular:

	As at	
	30/6/2025	31/12/2024
	VND	VND
Cash and cash equivalents (Note 3.1)	120,794,743,738	155,482,544,902
FVTPL financial assets (Note 3.2)	50,335,342,449	424,378,493,102
Investments held-to-maturity (Note 3.3)	1,965,000,000,000	2,125,000,000,000
Loans (Note 3.4)	6,921,942,460,044	5,680,026,128,077
Receivables and other receivables (Note 3.6)	84,729,284,710	77,693,564,355
Deposits in the Settlement Supporting Fund (Note 3.11)	20,000,000,000	21,201,283,996
Deposits in the Clearing Fund (Note 3.12)	10,116,897,475	10,106,822,945
Pledges, mortgages, collaterals and deposits	10,758,121,949	10,480,777,795
Total credit risk exposure	9,183,676,850,365	8,504,369,615,172

Balances with banks

Balances with banks include demand deposits, term deposits and accrued interest.

All bank balances are placed with credit institutions which have high creditworthiness. Balances with banks are continuously monitored by treasury function in compliance with the Company's policies and periodically reported to the Board of Management. Credit risk from balances with banks is assessed as low.

NOTES TO THE QUARTERLY FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025

7 FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Credit risk (continued)

Balances with banks (continued)

As at 30 Jun 2025 and as at 31 December 2024, balance with banks exceeded 10% of the Company's equity is as below:

	As at	
	30/6/2025	31/12/2024
	VND	VND
Vietnam Prosperity Joint Stock Commercial Bank	502,467,670,198	718,185,086,445
Vietnam Technological Joint Stock Commercial Bank	297,999,522,746	825,063,167,808
Viet A Joint Stock Commercial Bank	578,492,290,704	242,870,360,565
Total	1,378,959,483,648	1,664,852,695,062

FVTPL Financial assets

The Company's listed and unlisted securities are only be traded on the Ho Chi Minh City Stock Exchange and the Hanoi Stock Exchange or with counterparties which have a clear credit rating. All securities transactions are settled or paid for upon receipt/ delivery of securities via approved brokers. The risk of default is considered minimal since the delivery of securities for sale transaction is made only once payment has been received and delivery of funds for purchase transaction is only made once the securities have been received. If either party fails to meet their obligations, the trade will fail.

Debt securities in the Company's portfolio are certificates of deposits, secured bonds issued by low-risk issuers with bond issuance plan approved by the State Securities Commission. Investment appraisals related to debt securities are approved accordance with the Company's investment policies. Debt securities portfolio is continuously monitored by treasury function in compliance with the Company's policies and periodically reported to the Board of Management. Credit risk from debt securities is assessed as low.

Trading advances and deposits for derivatives trading activities

Trading advances are collected directly from Vietnam Securities Depository. Deposits for derivatives trading activities are also placed with this entity.

NOTES TO THE QUARTERLY FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025

7 FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Credit risk (continued)

Trading advances and deposits for derivatives trading activities (continued)

Vietnam Securities Depository is a state-owned entity and has no history of payment defaults. Vietnam Securities Depository requires its members to deposit into the Settlement Support Fund and the Derivatives Trading Clearing Fund to secure their trading obligations.

The securities companies may fulfil customers' securities trading orders only when the customers' balances maintain enough (100%) cash or securities and must carry out further steps to ensure payments prior to execution of the trades. Credit risk from trading advances and deposits for derivatives trading activities is assessed as low.

As at 30 Jun 2025 and as at 31 December 2024, there were no balance with Vietnam Securities Depository that were past due or impaired.

Margin loans

Margin loans are secured by eligible securities listed on the stock exchanges. Under the prevailing regulations on margin lending, the loan limit is set at 50% of the eligible securities' value. Ineligible securities are defined by the stock exchanges on an ad-hoc basis. Eligible securities are approved and frequently updated by the margin lending risk management function based on several criteria including volatility and liquidity.

The Risk management department is responsible for the continuous review of margin loan report which includes balances, collateral assets and margin maintenance ratio. When the margin maintenance ratio falls below the Company's regulated ratio (this ratio is determined following internal policies and not lower than the regulated ratio of 30%), the system alerts and the Company makes margin calls. When the margin maintenance ratio falls below the Company's regulated ratio and customers do not make additional margin according to the margin call, the Company forcibly sells out collateral assets to collect the loans.

The market value of collateral assets as at 30 Jun 2025 was VND 23,160,510,250,650 (as at 31 December 2024: VND 19,292,677,373,310).

According to prevailing securities regulations, the margin loan limit applicable to a balance (for either an individual customer or an institution customer) is 3% of the securities company's equity. As at 30 Jun 2025 and as at 31 December 2024 , there was no margin loan balance that exceeded 3% of the Company's equity.

**NOTES TO THE QUARTERLY FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**

7 FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Credit risk (continued)

Margin loans (continued)

Analysis of credit quality of margin loans as at reporting date is as follows:

	As at	
	30/6/2025	31/12/2024
	VND	VND
Past due and impaired	112,877,066,920	112,877,066,920
Neither past due nor impaired	6,583,266,221,479	5,464,695,818,049
Provision made	(112,877,066,920)	(112,877,066,920)
Net balance	<u>6,583,266,221,479</u>	<u>5,464,695,818,049</u>

Other receivables and assets

Credit exposure is restricted by transacting with counterparties with high credit ratings and obtaining security where necessary.

As at 30 Jun 2025 and as at 31 December 2024, there were no receivables that exceeded 10% of the Company's equity.

(b) Market risk

Market risk is the risk that fair value or future cash flows of a financial instrument will fluctuate according to changes in market prices. The Company's market risks include interest rate risk, currency risk and other price risk, such as share price risk.

The Company manages this risk through sensitivity analysis of variables that would impact its financial position and performance, diversification of its investment portfolio, critical appraisal of securities within limited exposures, and hedging where necessary.

- **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate as a result of changes in market interest rates. The Company is exposed to interest rate risk mainly from its term deposits, loans and borrowings.

The Company manages this risk through analysis of market competition in order to obtain the most favourable interest rate for its intended operations while still staying within limited exposures.

The Company's deposits, loans and borrowings are at fixed rates and due in short term, therefore the interest rate risk is minimal

7 FINANCIAL RISK MANAGEMENT (CONTINUED)

(b) Market risk (continued)

- **Market price risk**

Shares held by the Company are affected by market risk due to the uncertainty in the future value of these shares. The Company manages its share price risk by setting up investment limits and hedging where necessary. The Investment Committee of the Company also takes part in appraisal and approval of investments in shares.

As at 30 Jun 2025, the market price risk of the Company is low, as the value and quantity of shares held by the company in the investment portfolio is not significant. The Company presented these shares on item FVTPL financial assets.

- **Currency risk**

Currency risk is the risk that the value of the Company's financial statements will be affected by changes in exchange rates. The Company manages its currency risk by continuously monitoring of foreign exchange rates and thereby timely updating its forecast of cashflows in foreign currencies.

The Company's business is exposed to foreign currency risk arising primarily from the US Dollar ("USD").

	As at	
	30/6/2025	31/12/2024
	USD	USD
Financial assets		
Cash	42	59
Financial liabilities		
Borrowings	(96,500,000)	(96,500,000)
Net financial liabilities	(96,499,958)	(96,499,941)
Net currency risk	(96,499,958)	(96,499,941)

Foreign currency risk to the Company is assessed as low as the Company manages the risk by entering into cross currency swap contracts for the Company's foreign currency borrowings.

**NOTES TO THE QUARTERLY FINANCIAL STATEMENTS
FOR THE THREE-MONTH PERIOD ENDED 30 JUN 2025**

7 FINANCIAL RISK MANAGEMENT (CONTINUED)

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in performing financial obligations due to capital shortage. The Company's approach to managing liquidity risk is to ensure that it will always have sufficient reserves of cash to meet its liquidity requirements in the short-term and long-term.

The Company's assets are used as collateral for the borrowings presented in Note 3.13.

The table below presents the Company's financial liabilities at book value:

	Less than one year VND	Between one and two years VND
As at 30 Jun 2025		
Short-term borrowings (Note 3.13)	5,354,605,000,000	-
